TOMLYN® PRESENTS NEW RELAX & CALM CHEWS AT SUPERZOO 2012

LAS VEGAS, Nev. — Sept. 11, 2012 — Tomlyn, creator of pet health and wellness products, today announced the launch of two new products: Relax & Calm Chews for dogs and for cats. The new chews offerings are on display at Tomlyn's booth #2361 and the new product showcase at SuperZoo, an annual convention and expo for pet retailers and groomers in Las Vegas.

Veterinarian behaviorists affirm that behavior issues in cats and dogs are a top pet owner concern. In 2011, Tomlyn released two Relax & Calm Gel supplements to support balanced behavior, relaxation and reduced hyperactivity in dogs and in cats. With today's addition of Relax & Calm in a new chew form, pet owners now have another convenient way to dispense Relax & Calm to their pets. The chews are easy to administer, and have been specially formulated by veterinarians to help with travel, separation, storms and loud noises. The chews calm naturally, without causing excitation, and contain proven ingredients such as chamomile, ginger and highest levels of L-tryptophan.

"We are always looking for new ways to meet pet owners' needs and the needs of their pets," said Peter Trevino, business unit manager for Tomlyn. "Relax & Calm Chews offer pet owners an easy way to administer a behavior aid, that comes in a travel-ready bag, and is easy for a dog or cat to consume."

Founded more than 35 years ago, Tomlyn has expanded its product line rapidly in the last year, launching 11 new products in 2011 alone. For more information about the company's variety of scientifically formulated products for pets, visit Tomlyn.com.

About Tomlyn®

Tomlyn is a pet health and wellness company founded in 1976 that carries a complete line of the finest scientifically developed veterinarian-approved pet healthcare products. The company has a wide range of product categories, including: nutrition/supplements, internal health, dermatology, and home/sanitizers. Known as the maker of Nutri-Cal®, a high-calorie nutritional supplement, and Laxatone®, for the elimination and prevention of hairballs, Tomlyn is a division of Vétoquinol USA and owned by Vétoquinol SA, the 10th largest veterinary pharmaceutical company in the world.
